## PERSONAL STATEMENT

My aspiration to live creatively and meet people's actual needs led me to pursue my Master's in Interaction Design. My aim is always to combine a pragmatic approach with aesthetics while improving user experience when people interact with a tangible or digital product. I love work with people, specially if they have the same passion I have for what they do. As a believer in sustainable practices, I always attempt to learn novel skills. I love everything that is innovative and has to do with designing, engineering, and art.

## EXPERIENCE

### GRADUATION PROJECT | NIT CALICUT

MAY 2018-MAR 2019

The graduation project as part of my B.Tech curriculum. The project aimed at the construction of a Multifunctional coordinated dual arm Robot.

### MENTOR | TEAM UNWIRED

MAY 2018-JAN 2019

Team Unwired is one of the reputed Technical clubs of NIT Calicut which is endeavouring with most ambiguous students in the automobile field. It was working on two projects Supra 2019 and SAE Baja 2019 while I worked as the mentor for the club.

### TEAM CAPTAIN & DESIGN HEAD | TEAM UNWIRED

MAY 2017-FEB 2018

Led the team for student design competition, Formula Bharat 2018 held at Kari circuit Coimbatore. Worked as Chief Chassis designer and body panel designer.
